SINGLE-PLAYER MODES

CAREER MODE

You're a pro skater now, and pros compete for cash money. You've got to prove your worth at local spots and start building career earnings. Use this cash to buy new equipment, unlock levels, buy tricks, increase stats and get into the elite competitions.

SINGLE SESSION

Choose a single level and skate all out in a two-minute session in an effort to set high scores. Only one level is opened at first, The Hangar in Mullet Falls, Montana. Build your earnings in the Career Mode to unlock the other levels.

FREE SKATE

For some it's practice. For others it's life. Choose a level and skate as long as you like. Hit the obstacles over and over and over again until your tricks are ready for competition. Unlock other levels in the Career Mode then Free Skate them to learn the terrain.

> To save a game, be sure there's one block of free space available on your memory card, since you can't overwrite other games' saves. To check your free memory and/or delete existing games, use the PlayStation's internal Memory Card Manager. Continue Career allows you to update on the same block. One Career File can keep the progress of all the pros and four created skaters.

TWO-PLAYER AND MULTI-PLAYER MODES

GRAFFITI

Set your own time limit then push the limits in a split-screen race to see who can nail the most tricks. Obstacles are "Tagged" with your color by tricking off them. Try to steal your friend's tags by pulling better tricks off the same object. He or she who tags the most objects wins.

TRICK ATTACK

A total free-for-all to see who can skate the best lines and rack up the most points. You can run into opponents and rub their little faces into the terrain, and this time you can Trick Attack longer with the game's new variable time limits.

HORSE

How do you spell defeat? "H.O.R.S.E" (or the word of your choice – keep it respectable) in this one-on-one best trick contest. Nail a trick, then watch as your opponent tries to beat it. Your opponent must match or beat your score. If not, he or she gets a letter. First one to get all the letters tastes defeat.

TAG

You don't want to be "It" in this game where you tag other players. When you are, you have to bust tricks to gradually cripple your opponent's stats until he or she is a sitting duck. When "It," you're on the timer. If the timer hits zero, you lose.

SKATE TIP:
Uneven fight? Use the Handicap Screen to balance your skills. Pump your stats up or down, depending on which way you need to go to keep it fair.

SCORING TIPS

Every time you repeat a trick during a run, that trick's point value will decrease. To get a top score you're going to have think about your "line" and mix up your tricks.

- Try to trick into and out of every grind.
- Use special tricks for huge scores.
- Big spins (540, 720) will net bigger scores. Use R1/L1 (default configuration) to spin faster.
- Every trick in a combo adds to your multiplier.
- Use manuals to keep your combo going across flat ground sections.
- Switch tricks are worth more and devalue separately from regular tricks.
- Nollie tricks score more points.
- Trick across gaps (the blue text) to maximize combos.

SKATE TIP:
The Special Meter: Score points to fill up your Special Meter. When it's glowing yellow, your adrenaline's pumping and you'll be able to perform your special tricks.

SPOT CHECK–THE GAME LEVELS

THE HANGAR: MULLET FALLS, MONTANA

Welcome to the land of big sky, sick air and bad hair. Perfect your basic skating skills and some new tricks in this abandoned Montana hangar filled with huge rails, large halfpipes, kickers, funboxes and a rusted-out WWII plane and helicopter.

SCHOOL 2: SOUTHERN CALIFORNIA

Why do so many pros relocate to California? For the schools, of course. . .or at least for their fine rails, stairs and lines. This level features the best the SoCal education system has to offer, all in one campus. If you've watched a skate video, you'll recognize most of these prime learning facilities.

CONTEST 1: MARSEILLE, FRANCE

Invade France in this level featuring a triple-bowl area, a middle section of flowing banks and canals and a flatland section on the backside that can be used as an additional street course. Bring your best tricks, combos and air to this contest—and never surrender.

THE BIG APPLE: NEW YORK CITY, NEW YORK

The big city equals big terrain, air, gaps and trouble. The hottest street skating spots in NYC are here. There are long curbs, obnoxious taxi drivers and even a subway. Ride through Central Park, hang out at Brooklyn Banks and bring your own brand of mayhem to Manhattan.

THE GRAFFITI PITS: VENICE BEACH, CALIFORNIA

Resting in peace, The Pits was one of the most popular skate sites of its time. In this level, the original lines and graffiti have been recreated. Ledges, rails, quarterpipes and the occasional friendly bum make The Pits the place to perfect your more advanced tricks. (Say that fast.)

CONTEST 2: SKATESTREET: VENTURA, CALIFORNIA

Ask and ye shall receive—receive the original SkateStreet Park. Heavily requested by fans, SkateStreet features sweet masonite curves and varied surfaces. Carve up the rails, half-pipes and slopes as you try to build your career earnings.

PHILLYSIDE: PHILADELPHIA, PENNSYLVANIA

The City of Brotherly Love brings you, arguably, the two most famous East Coast skate spots, Love and F.D.R. Parks. Bring your best game to the streets of this huge level as you ollie benches and kick-flip huge stairs. But Phillyside isn't just street. A large vert waits to test your all-around skills.

CONTEST 3: THE BULLRING, MEXICO

In a semi-abandoned bullring, in a secret spot in Mexico, the world's best skaters perform moves illegal in most countries. Judges watch as you shred quarterpipes, rails, kickers and a beautiful half-pipe with a distinctive full-loop on its end. Did we mention the raging bull?

SKATE TIP:

Nobody said being a pro is easy. To clear a level 100%, you must get all goals and earn all the extra cash in that level. In competitions, you must get a gold medal and all the extra cash.

THE PROS

THPS2 reads like the Who's Who of professional skateboarding. For rider's skill ratings, check in the game or online at www.activision.com.

TONY HAWK

If you meet Hawk, look at his shins. You'll see how much flesh he's left behind becoming the most influential skateboarder in history. He lost some perfecting the first 900°. More went while creating 50+ signature moves and winning 12 world championships. The father of two boys and modern skateboarding, Tony makes his home in his native SoCal.

BOB BURNQUIST

Out of Brazil and onto the winner's podium, Bob Burnquist is one of today's most exciting and original skaters. Blowing minds with his unique style and switch-stance tendencies, Burnquist won the first pro contest he entered. He then went on to be the first skater to pull off an Eggplant Revert, a move now simply known as the "Burntwist."

STEVE CABALLERO

How long has Steve Caballero been part of the skateboarding scene? Over three decades. Along the way he helped found the Bones Brigade, invented the Cabbalerial and owned his share of world records—including the highest halfpipe air and a 44-stair rail. Cab's still riding hard, inspiring skateboarding's next generation.

KAREEM CAMPBELL

East Coast, West Coast, or any coast, Kareem Campbell and his smooth metropolitan style are recognized on the real streets. Born in New York and raised in Los Angeles, Kareem defies any East vs. West barriers. When he's not skating you can find him chilling with his son, li'l Reem. Kareem's advice for skaters: "Do it for yourself and keep it honest."

RUNE GLIFBERG

When Rune was 11 years old a friend brought a skateboard to his home in Copenhagen, Denmark. Later, a skateboard brought Rune to his new home in Huntington Beach, California (He didn't ride it. He became a pro on it.) Here you'll find the all-terrain terrorist sessioning pools and streets. But he saves his best for his true love: wide-open vert skateboarding.

ERIC KOSTON

Who do you want to be today? Think Koston, because he rides like anybody and nobody else. He'll bust any pro's signature trick with uncanny similarity then transition into the eponymous K-Grind. Besides this move bearing his name, Eric's famous for clowning around while making challenging switch and nollie rides look like a joke.

BUCKY LASEK

Hardened on the East-Coast and currently refining his skills in Carlsbad, California, Charles Michael Lasek, better known as Bucky, soars to sickening heights above half-pipes—and other skaters. He's equal parts power, originality and style. When Bucky's not dropping jaws at the local Mission Valley Skate Park, you'll find him loving life with his wife and daughter.

RODNEY MULLEN

Get up, shower, brush and head out and invent new tricks. Just another day for Rodney Mullen, the godfather of street skating. A pro for over 20 years, Mullen owns 35 freestyle world championships and a dizzying list of signature tricks. Like the kickflip, underflip, impossible, casper and darkslide to name a few.

CHAD MUSKA

Out of his native Las Vegas and into skateboarding's top magazines and videos—welcome Muska. After lighting it up on the Strip, Chad moved to California at 15 and quickly became one of the most respected skaters of all time. This self-styled professional always takes his brand of skate-and-relate creativity to another level. This includes experimenting with jungle and hip-hop beats on his "Muskabeat" album.

ANDREW REYNOLDS

Andrew's only been a pro since 1996, but what he may lack in years, he makes up for in air and guts. If you're in Los Angeles, California and you see somebody going huge over massive gaps, sessioning sick sets of stairs and doing it all with effortless style, odds are you're in the presence of Turtle Boy himself. Say "hi" as he flies by.

GEOFF ROWLEY

Called the one-man English invasion, Geoff Rowley went from the streets of Liverpool, England to the top of the skating world. In fact, Geoff's often called the skater's skater. He currently resides in Huntington Beach, California, where his diet consists of miles of handrails, huge staircases and lots of vegetables. Picture a 360-flip down 13 stairs—yep, that's Rowley.

ELISSA STEAMER

Making the cut skating against the boys. Dominating every all-girl event she enters. Getting her name on a pro model street board. You guessed it—it's Ft. Myers, Florida native Elissa Steamer. Elissa specializes in sessioning streets and stereotypes. Now living in Los Angeles, California, Elissa skates like you wish you could.

JAMIE THOMAS

Originally from Alabama, Jamie has conquered some of the biggest gaps and longest rails ever seen. His video parts in "Welcome to Hell" and "Misled Youth" prove it. Jamie is the only person to walk away from the Leap of Faith with both legs intact.

CREATE SKATER

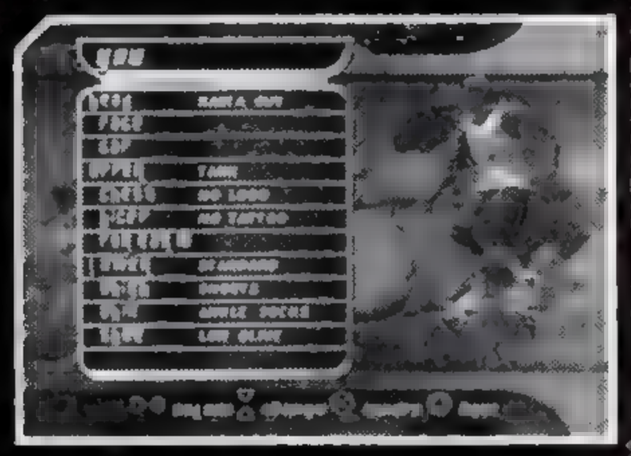
It's time to create your own legend (or legends). Go to Create Skater menu and build a custom character from scratch. To build a lineup, go into the Roster Screen where you can create up to four custom skaters. All skaters in the roster are available in all game modes, and you can edit an existing skater in your slots or import a skater from a different save file into a slot in your game.

PERSONAL MENU AND APPEARANCE

This is your pro, and it's up to you to give him a name, hometown, stance (goofy or regular), specialty (vert, street or all-around) and weight. From here, set up your look—skin tone, head style, cap color (if you wear one), torso style, logos, tattoos, shirt color, pants colors, shin/socks and shoes—in the Appearance Menu.

STATS

Stats increase your skater's performance. There are 10 stats for each skater, both pro and created.



- AIR: Affects the boost you get when you air on a quarterpipe.
- HANG TIME: Affects the length of time you stay in the air.
- OLLIE: Affects your ground jump height.

- SPEED: Affects your flat ground speed.
- SPIN: Affects the speed at which your character rotates. Max it out if you want to spin 720's or 900's.
- LANDING: Affects how easy it is for you to nail big drops.
- SWITCH: Determines how well you skate when you are skating switch. When maxed out to 10, the skater should be equally skilled regular and switch.
- RAIL BALANCE: Affects your ability to balance on rails.
- LIP BALANCE: Balance for lip tricks. The higher the stat, the longer you can tweak lip tricks and the more points you can score.
- MANUAL BALANCE: The higher the value, the easier you will be able to balance manuals.

SKATE TIP:
In Career Mode additional stat points can be purchased until your character is up to all tens in every category and ready to rule the pro circuit. In other words, money gets you skills, brother.

NOTE:
Activision Customer Support cannot troubleshoot user-made skaters (CREATE SKATER MODE) or user-made tricks (EDIT TRICKS MODE).

EDIT TRICKS

Open up the Trick Selection Screen and start shopping. Different tricks cost different amounts. Prices are based on difficulty, point value, length of trick, etc. You get the idea: The tougher the trick, the more you'll pay. Each skater starts with his or her basic trick set.

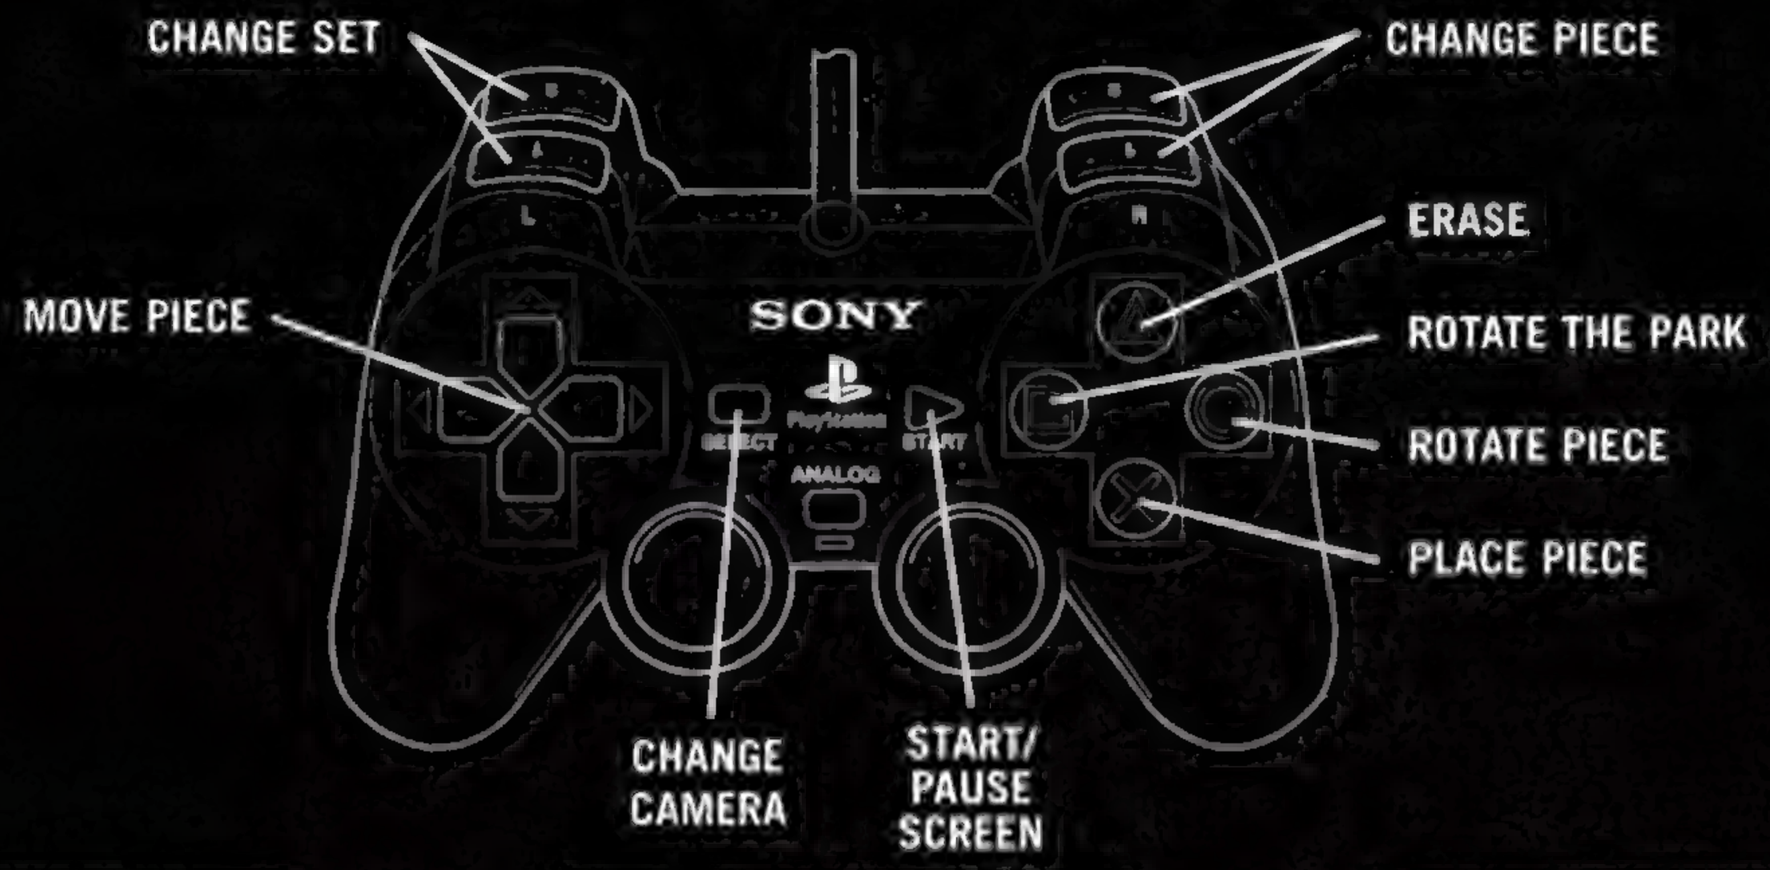
Tricks are divided in groups: Flip Tricks, Grab Tricks, Lip Tricks and Specials. Once a category is selected, you'll see a list of button combos. Select the button combo you wish to configure and a list of available tricks will pop up. You can modify almost every aspect of your Trick Set until it suits your riding style.

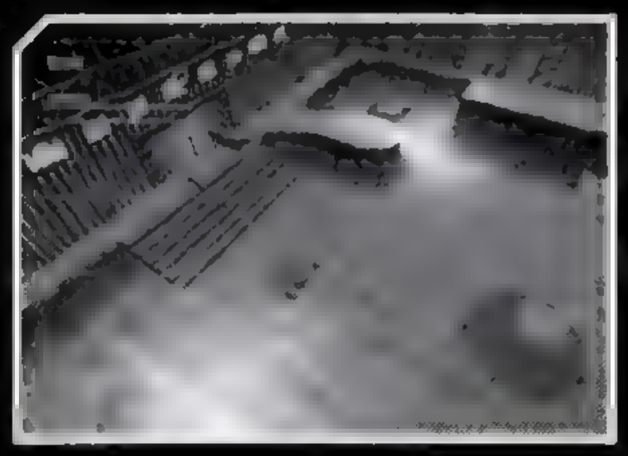
SHOP THE SKATESHOP

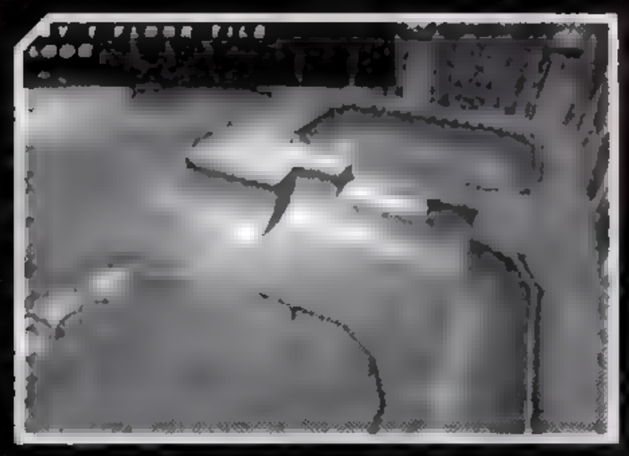
Once you start making cash in the Career Mode, new decks can be bought at any time, provided you have enough green. Use these new decks to increase your skater's stats. Pros can choose from eight of today's top decks, and created skaters have a pool of 20 generic boards.

SKATE TIP:
Once you've unlocked pro deck graphics, they're available for your created skaters too. Created skaters can use pro decks by pushing the up/down to view them from the Skateshop Screen.

PARK EDITOR CONTROLS







3D REAL-TIME SKATEPARK EDITOR

Become the sick skatepark architect you always knew you could be with our new 3D Real-Time Skatepark Editor. It's one of the most advanced level editors ever created, letting you use ramps, rails, pools, funboxes, obstacles and quarter pipes to create dreamparks in real-time. Go big, rotating and stacking pieces any way your twisted mind desires. You'll never run out of levels to ride.

NOTE:
Activision Customer Support cannot troubleshoot user-made editor parks.

BASIC CONTROLS

To move selected pieces around your park, use the D-Pad. The ○ rotates the pieces and ✕ places them down. The △ will erase any pieces intersecting with the current piece.

CHANGING PIECES

L1 and L2 allow you to scroll through the different categories of pieces to choose from. The current category is shown in the upper left-hand corner of the screen. Once you've selected a category, R1 and R2 scroll you through the pieces available in that category.

CATEGORIES AND PIECES

What you want, we got, including:

- GAP TOOL: (see next page).
- RISERS: Raise the floor not the roof.
- QUARTER PIPES: Two sets to choose from.
- RAILS: Center and edge rails for extra grind.
- WALLS: Ride them if you can.
- STAIRS: Ankle busta mecca, many with rails.
- POOLS: Construct your own or select pre-made versions.
- KICKERS: Launch yourself off ramps galore.
- BENCHES: Go to school on benches and tables.
- MISC.: High walls, roll-ins, signs, foliage, floors.

OTHER CONTROLS

- ▢ will rotate the entire park in 90 degree increments. Select will change the current camera view. Start will bring up the Park Editor Menu.
- Select will change the current camera view. Hold select and use the D-Pad to rotate the camera.
- Start will bring up the Park Editor Menu.

THE MENU

NEW PARK

Allows you to start over and change the size of your park. The default park size is 24 x 24, but five different dimensions can be selected.

SET THEME

There are four themes to choose from, and the Theme can be changed at any time. It will not erase or affect the layout of the park.

PRE-MADE PARKS
Allows you to load a pre-built park included with THPS2. You can learn a lot about park layout by looking at the included parks and can erase and rebuild parts of them.

SAVE
Save your park to a memory card. The name you save under will become the name of your park.

LOAD
Load a saved park from a memory card.

TEST PLAY
Places you in your created park with the last character you played as.

PARK TIP:
To select a different character or to play in a different mode, first save your park. Then quit to the main menu, select your preferred mode and character, and when you get to the Level Select, your park should be accessible (except in Career Mode).

A FEW SPECIAL PARTS

RISERS
Place these building blocks down then place other pieces on top. Use risers to raise the floor or to create hard-to-reach portions of your skatepark.

RESTARTS
The green object marked "1" is the one player restart. This piece will mark the starting point for player one. Only one can be placed in a level. If you try to place a second P1 restart, the first one will be moved to the new location. The player 2 restart works the same way; it marks where the second player will start in a multiplayer game. HORSE restarts mark the starting positions in a HORSE game. The player 1 restart also doubles as a HORSE restart. Only six HORSE restarts can be placed in a level.

MIND THE GAP
A gap is a difficult jump or maneuver, which deserves extra points, over a spot. Tricking across gaps is the key to getting big scores. A gap can encompass nearly anything—a jump from one ramp to another, transition across two quarterpipes far away, grinding a long, kinked rail, or even manualing across a particularly tough table. Only 10 gaps can be placed in a level.

CREATING GAPS

Gaps always link two objects together. In the editor, use the Gap Tool to select the first piece involved in the gap (it will flash blue). Then select the second piece to complete the gap. Both objects will be shaded blue to show that they're linked. This will automatically bring up the gap menu.

THE GAP MENU

In the gap menu you can edit nearly any aspect of the gap you've created. You can name it and set its score. The gap's name is shown in the text at the bottom of the screen when a player completes the gap in the game.

You can always get back to the gap menu by placing the gap tool over a piece shaded blue and pressing ⊗.

You can erase a gap by placing the gap tool over a piece involved in the gap (and shaded blue) and pressing △. This will remove both sides of the gap.

GAP TYPE

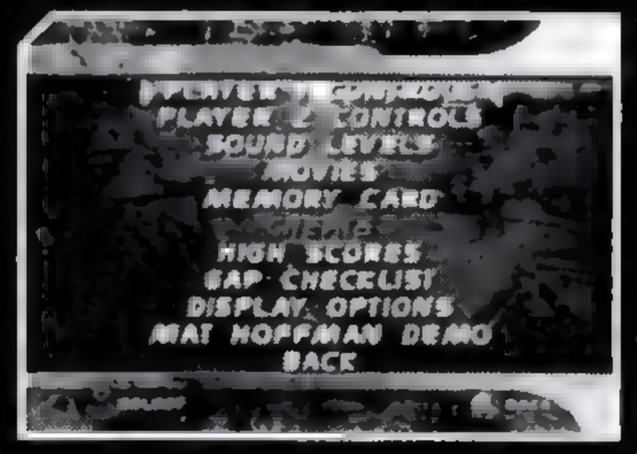
There are multiple Gap types to choose from:

- AIR GAP: Select an area that a skater must jump over.
- RAIL GAP: Select a rail that a skater must grind over.
- MANUAL GAP: Select an area that a skater must manual through.
- WALLRIDE GAP: Select a special area that a skater must wallride over.

ADJUST GAP

Advanced users can fine tune gaps by rotating or scaling both sides of the "gap grid." The gap grid is shown in wireframe. To get a gap in the game, the player must jump through both gap grids. Set them up any way you like.

OPTIONS MENU



PLAYER 1&2 CONTROLS

MOVIES

CHEATS

HIGH SCORES
If you don't understand high scores, you need a better skate helmet.

GAP CHECKLIST
A handy listing of all the Gap Bonuses in the game. Are you good enough to find them all? If so, a special bonus awaits.

BY OPENING THIS PACKAGE, AND/OR USING THE PROGRAM, YOU ACCEPT THE TERMS OF THIS LICENSE WITH ACTIVISION, INC. ("ACTIVISION").

LIMITED USE LICENSE. Activision grants you the non-exclusive, non-transferable, limited right and license to use one copy of this Program solely and exclusively for your personal use. All rights not specifically granted under this Agreement are reserved by Activision. This Program is licensed, not sold. The use of the Program Utilities is subject to the following additional license restrictions:

- You agree that, as a condition to your using the Program Utilities, you will not use or allow third parties to use the Program Utilities and the New Game Materials created by you for any commercial purposes, including but not limited to selling, renting, leasing, licensing, distributing, or otherwise transferring the ownership of such New GameMaterials, whether on a stand alone basis or packaged in combination with the New Game Materials created by others, through any and all distributionchannels, including, without limitation, retail sales and online electronic distribution. You agree not to solicit, initiate or encourage any proposal or offer from any person or entity to create any New Game Materials for commercial distribution. You agree to promptly inform Activision in writing of any instances of your receipt of any such proposal or offer.

LIMITED WARRANTY. Activision warrants to the original consumer purchaser of this Program that the recording medium on which the Program is recorded will be free from defects in material and workmanship for 90 days from the date of purchase. If the recording medium is found defective within 90 days of original purchase, Activision agrees to replace, free of charge, any product discovered to be defective within such period upon its receipt of the Product, postage paid, with proof of the date of purchase, as long as the Program is still being manufactured by Activision. INJUNCTION. Because Activision would be irreparably damaged if the terms of this Agreement were not specifically enforced, you agree that Activision shall be entitled, without bond, other security or proof of damages, to appropriate equitable remedies with respect to breaches of this Agreement, in addition to such other remedies as Activision may otherwise have under applicable laws.

INDEMNITY. You agree to indemnify, defend and hold Activision, its partners, affiliates, contractors, officers, directors, employees and agents harmless from all damages, losses and expenses arising directly or indirectly from your acts and omissions to act in using the Product pursuant to the terms of this Agreement.

MISCELLANEOUS. This Agreement represents the complete agreement concerning this license between the parties and supersedes all prior agreements and representations between them. It may be amended only by a writing executed by both parties. If any provision of this Agreement is held to be unenforceable for any reason, such provision shall be reformed only to the extent necessary to make it enforceable and the remaining provisions of this Agreement shall not be affected. This Agreement shall be construed under California law as such law is applied to agreements between California residents entered into and to be performed within California, except as governed by federal law and you consent to the exclusive jurisdiction of the state and federal courts in Los Angeles, California.

If you have any questions concerning this license, you may contact Activision at 3100 Ocean Park Boulevard, Santa Monica, California 90405, (310) 255-2000, Attn. Business and Legal Affairs, legal@activision.com.
